

Join us in September to learn about the earth, nature and the stars above - and then have a go in your own backyard. We have a series of workshops with tutors who are all experienced practitioners eager to share their knowledge.

Hermann Veluwenkamp will be a guest contributor in each workshop.

Compost Making September 1st, 9.30-4.30 pm with Rachel Pomeroy & Jen Speedy

Hands-on learning about making compost the biodynamic way. Renew the earth at your place!

Venue: Taruna College

Cost: \$145. Includes refreshments & light meal.

Bee-keeping and Biodynamic Preparations Sept 8th, 5.30-11.30 am with Gui Vilhena & Hermann Veluwenkamp

Come and experience how both bees and BD preparations offer very special qualities to garden life, qualities you won't want your plants to miss.

Venue: Taruna College

Cost: \$145. Includes refreshments & light meal.

The Stars Above and Māori Star Lore Sept 15th, 1.00-8.00 pm with Nathan Foote and Rachel Pomeroy

Since ancient times the wisdom of stars have guided humans. Come and begin to hear what they are still saying, we just need to learn how.

Venue: Taruna College - we will visit Atea a Rangi Star Compass, Awatoto

Cost: \$145. Includes refreshments & light meal.

Vege and Fruit-tree care

September 22nd, 10.00-4.00 pm with Clare Buckner & Gui Vilhena

Hands-on learning about how you can help your fruit and vegetables grow to their best.

Venue: Taruna College

Cost: \$145. Includes refreshments & light meal.
